

BeauSYNERGY
Cosmetic Skin Clinic
PRICE LIST

As an advanced Skin and Beauty Clinic it is our job to listen, analyse and understand the specific needs of all our clients. With over 50 years of experience within the Aesthetic and Beauty industry, we are in the best position to do this.

Our clients' welfare is our primary concern and so it is imperative that we use our knowledge and expertise as well as listening to our client's needs and wishes.

Building relationships with trust and personalities will allow us to find the right treatment or plan and allow you to receive the results that you had always hoped for.

We are BABTAC members and follow the guidelines and principles of the CQC from the time it was a regulatory body.

We are up to date with the latest in laser and modern technology and will never stop improving our knowledge in all aspects of Anti-Ageing and Aesthetic Beauty treatments.

BeauSynergy has been gratefully recognised by its peers by winning the **What Clinic Customer Service of the Year award 2011** to the present day. **Phorest Clinics 5 Star Treatment rating award**. Business Excellence - **Best Cosmetic Skin & Beauty Clinic 2021** - Home Counties.

Skin Consultation and Analysis (required for certain treatments)

In order to offer you the correct treatment or treatment plan and homecare, it is essential that we give you time for a skin consultation and analysis. The consultation gives us a good understanding of your lifestyle, needs and wishes and the analysis enables us to physically understand what is going on with your skin. The Observ® skin scanner technology allows us to look deeper into the skin and see what the root of any issue may be, as well as seeing what issues are dormant, but could come to the surface at any time.

Every person's skin is different and could react differently to others, therefore a skin consultation allows us to find the correct treatment for the individual at the most cost effective price.

15 minute discussion on your skin Free
(£25 refundable fee required to secure booking)

One hour consultation, analysis and scan £50
(Fee paid in full at time of booking)

BeauSynergy

BeauSynergy

BeauSynergy 'Bespoke' Medi-Facials (all below) from £65

Each skin treatment is customised to suit the individual, targeting your skin's needs and concerns; whether it's anti-ageing, acne, oily, normal, dry and dehydrated skin types, uneven skin/texture. Medi-facials differ from traditional facials due to the quality of the Cosmeceutical products used which provide superior skin results.

They may contain some of the following types of treatments below:

Corrective Skin Peel treatment

- A bespoke custom blend of paraben-free hydroxy acids, enzymes and vitamins which remove dulling surface debris. This will stimulate cell renewal leaving a healthier and smoother complexion.

Sebum Soak Treatment

- An intense deep cleanse which softens hardened sebum and oils (in the epidermis) and loosens blackheads. It makes it easier to extract and hopefully with less discomfort for the client.

Oxygen Infusion

- An instant brightening and hydrating treatment, perfect for a party or event. Gives dehydrated, tired skins a real boost, giving you the celebrity 'red carpet' glow.

Transderm Mesotherapy

- A safe and painless needle-free way of introducing collagen, vitamin C, oxygen and hyaluronic acid safely to the skin's dermal layers. By taking dermal fusion to an unprecedented level, we can customise the procedure to work in parallel with other high grade serums and infuse for optimum results. This treatment gives the skin a plumper, hydrated, smoother and more toned look and feel.

DMK Paramedical Skin Revision

(DMK home prescription products must be used in conjunction with these treatments)

The Danné Skin Revision concept allows the chemistry within the body to work together in synergy with the advanced scientific formulas contained within the DMK products. Proven results with acne, pigmentation, rosacea, skin rejuvenation. Perfect also for ageing skin and the tightening of sagging facial muscles. DMK is formulated to address skin of all types and groups as well as specific disorders associated with deeper skin tones.

DMK Enzyme Therapy

This unique DMK programme allows the removal of dead cells, the rebuilding of the remaining living cells, the protection of the skin and the maintenance of the new skin at home. DMK Enzyme Therapy will strengthen the structural integrity of the skin, encouraging the skin to function optimally while creating a healthy environment for cells to live and thrive in. Suitable for all skin types. Especially good for acne sufferers.

Advanced Facials

PRX T-33 The 'no peel' Chemical Peel. Non-invasive with minimal downtime!!

PRX-T33 works by revitalizing your skin, providing immediate facial improvement plus deep hydration. Other areas of the body like an ageing neck, décolleté and hands can also be treated.

THE BENEFITS

- Enhancing the radiance and luminosity of the skin.
- Minimises enlarged pores.
- Reducing wrinkles and fine lines.
- Reducing recent scarring.
- Making crepey skin fuller on face, neck, décolleté and hands.
- Reduction of age spots (melasma).

PRX Pro-Radiance

Banish dull looking skin and replace it with an instant glow, brightness and radiance. Great for that special event!

1ml of the product used and includes LED and hydrating and rejuvenating mask.

Treatment includes LED Light Therapy £140

PRX Advanced

2ml to 3ml of the produce used for a deeper treatment, giving enhanced results on face and neck. A course of 4 to 6 treatments, one to two weeks apart, recommended for optimal results.

Book a course at a discounted rate and receive the PRX-T33 moisturiser FREE to use at home.

Treatment £195

Bio-RePeel

BioRePeel is unique. Just one treatment will allow the removal of facial dead skin cells. The active peeling of the dead skin cells will significantly improve: skin tone, small scars, enlarged pores, mild acne and pigment spots.

The process works perfectly for boosting skin regeneration. From just one treatment the necessary layered ingredients will cause noticeable lifting to the areas treated. The treatment is safe, causes little discomfort and has no downtime. This allows you to get straight back to the day ahead of you.

Single Treatment (includes Dermalux LED Light Therapy) £95

AlumierMD Enzyme Retexturing

The unique blend of fruit enzymes exfoliates dead skin cells and promotes skin renewal - includes brightening enhancers and serums. The result is a reduction in the appearance of fine lines, wrinkles and hyperpigmentation. while soothing, maintaining hydration and enhancing radiance.

Single treatment to include LED £100

BeauSynergy

AlumierMD Medical Grade Peels

A unique experience that includes an exfoliating peel treatment and brightening enhancement. It is followed by prescriptive targeted serums which reveal a more radiant soft and luminous skin.

- Radiant 30 treatment targets multiple concerns including fine lines, wrinkles, sun damage & large pores.
- Radiant 20/10 treatment exfoliating & healing in one - targets acne pimples, fine lines, wrinkles, large pores & sun damage.
- Detox Clear treatment kills bacteria in 30 seconds, minimises pore size appearance, decongests, reduces acne and prevents new pimples from forming.

Single treatment to include LED and Post-procedure kit from £120

AlumierMD Glow Peel

The Alumier Glow Peel combines lactic acid, salicylic acid and resorcinol to create a safe multipurpose resurfacing solution. It is effective in minimising the appearance of fine lines, wrinkles and hyperpigmentation issues. The peel will also reduce age spots, discolouration and uneven skin tone.

This Alumier Glow Peel facial works really well in exfoliating dead skin cells and stimulating cell renewal. In order to suit your skin's needs, we can tailor this skin peel by strength to achieve maximum results

Single treatment includes Post-procedure kit from £135

CryoLift

Using the latest technology in Cryotherapy, this completely painless treatment helps to target the signs of ageing as well as boosting, hydrating and adding collagen to give a plumping effect. It uses a powerful CO2 flow at high pressure and active serum at low temperature to induce collagen and elastin formation. This results in a dramatic improvement of the tone and texture of the skin.

Margaret (pictured) wrote: "The Cryolift treatments with LED have made a huge difference to the appearance of my skin. My skin is definitely plumper, brighter and more hydrated. (see my picture right). My eyes are tighter and less tired looking."

Single treatment£130
Recommended course of 6 (10% discount)£702

Dermalux LED Light Therapy

Our award winning LED Light Therapy seriously helps rejuvenate your skin. Often used in conjunction with our other courses of treatments for anti-ageing, acne, pigmentation and rosacea.

LED light therapy is totally painless, warming and relaxing and will help rejuvenate, hydrate at 300%, boost collagen production, strengthen and repair.

A course of 20 minute treatments will allow you to relax under a warm glow and (post course) you will see a remarkable change in colour tone and skin texture.

Single treatment £45
Recommended course of 12 (includes one free)£495

BeauSynergy

Aqua 3 Hydro-Facial

The Aqua 3 HYDRO-FACIAL is a resurfacing procedure that brings the skin back to life by cleansing, exfoliating, extracting and hydrating. This non-invasive, non-surgical "3 in one" procedure is perfect for individuals that want instant results of clear, hydrated skin without any discomfort or downtime. Perfect for any gender and especially good for those prone to blackheads due to the advanced extraction and exfoliation skin cell renewal process.

Congested / Oily skin / Acne package

- Aqua peel
- 10 mins peel application
- Dermabrasion
- Hyaluronic acid infusion

Price £115

Price with LED£135

Ageing / Pigmentation package

- Aqua peel
- 10 mins peel application
- Dermabrasion
- Meso with microcurrent
- Hyaluronic acid infusion
- Oxy mask

Price £130

Price with LED £165

SkinPen Advanced Micro-needling

The SkinPen is the only FDA medically approved microneedling device in the world. It creates controlled micro-injuries to your skin which stimulates the body's natural wound healing process whilst increasing significant levels of collagen.

Incredible results on all skin types with a relatively small amount on downtime post treatment.

Perfect for:

- The reduction of acne scars
- Evening out of the skin tone and texture
- Improving elasticity and firmness
- Reducing stretch marks

Areas treated are face, neck, décolletage.

For the very best long-lasting results, 3 – 6 treatments may be needed.

Single treatment..... from £235

Profilo

Profilo is an injectable skin booster made from Hyaluronic acid that stimulates collagen production. It is for any skin that is losing its elasticity and boosts skin hydration to give luminosity with a glowing radiance.

- Areas to treat are face, neck or both

Cost per treatment £295

Includes LED Light Therapy for extra hydration boost (worth £35)

In some cases a third treatment may be necessary.

Get Rewarded!

Like us on social media and ask us after your treatment for details of our latest rewards!

IPL Skin Rejuvenation

Energist® is totally safe and approved by the Quality Care Commission. The Variable Pulse Light (VPL) is used as a stand-alone treatment for issues such as sun damaged and ageing skin, redness and thread veins, enlarged pores, improving skin texture.

Pigmentation / Sun Damage from £60 Full Face Rejuvenation £115
Thread Veins / Redness from £60 Face and Neck £175

Fibroblast Plasma Pen

Plasma Skin Lifting tightening works on the basis of sublimation to remove excess skin and result in tightening of the treated area. The device never touches the skin, but instead a precision tip is placed close enough to cause a tiny electrical arc (plasma flash) that causes tightening and visible flattening of excess skin. Remarkable non-surgical treatment with minimal discomfort. Fibroblast Plasma will lift and tighten the jowl and neck areas, lift your eyelid hoods, reduce eyebags and take years off your skin age. Results continue to improve over the months ahead. The treated area may appear similar to a sunburn immediately after treatment and have some degree of minor swelling. The tiny dots of carbon crusting will be visible until they naturally flake off over 7-10 days.

Treatment.....from £125

Ultimate non-surgical Face Lift

(Superior and 'Stronger' alternative to CACI)

Micro-currents tighten and tone the muscle fibres offering re-contouring of the specific facial areas. "Ultimate" uses multi-probes to re-educate the muscle fibres with a current that is biologically compatible with the body's own natural electrical energy.

Full Single treatment £65
One free treatment on recommended course of 10..... £585
Mini Ultimate (lower face only – can be added to any treatment) £40

Venus Freeze® Skin Tightening

(Radio Frequency with Magnetic Pulse)

Totally non-invasive, painless and relaxing. For treatments on the face and body, the Venus Freeze® dense energy matrix heats the skin from inside out. This results in the synthesis of new collagen and elastin fibres which gradually smooth and tighten the skin plumping out lines and wrinkles.

Face single treatment £100
(a course of 6 to 8 recommended incl 1 free)
Face and Neck single treatment..... £150
Body areas from £100
(a course of 8 – 12 recommended incl 1 free)

Get Rewarded!

Like us on social media and ask us after your treatment for details of our latest rewards!

Non Surgical Jowl Lift

Incorporates our "Ultimate" micro-current and Venus Freeze Radio Frequency to improve loose/sagging skin and muscles on the lower face, jaw and jowl area. The micro-current works to stimulate muscles and cellular metabolism whilst the radio frequency greatly improves elasticity and collagen production in the lower face and jowl areas.

Full Single treatment £100
One free treatment on a recommended course of 10 £900

LipoContrast DUO Fat Freezing

LipoContrast is a very effective, non-invasive fat reduction / removal treatment without the necessity for exercise post treatment. The superior DUO cools, heats and then cools the skin during treatment creating spectacular results in removing the fat cells in isolated areas of the body. You can see the results of the fat reduction and new body contouring from the first treatment.

The LipoContrast method of technology reduces body fat without damage or invasive methods. 33% of the treated fat tissue will be eliminated and gradually broken down through the metabolic system. Approximately 80% of the final result will be visible within 20 days. You can resume activities straight after treatment, including returning to work and exercise.

The DUO eliminates fat cells in stubborn fatty areas such as the waist, abdomen, back, flanks, knees, arms, thighs and moobs.

One area	£170	Two areas	£250
Three areas	£370	Four areas	£485
Five areas	£585	Six areas	£685

A course of three is sometimes necessary for the very best results

*a review is needed after each treatment at 4 weeks intervals.

** Also see our LipoContrast SPECIAL OFFERS at www.beausynergy.co.uk/offers/

Laser Tattoo Removal

BeauSynergy uses advanced lasers for for all their treatments and whether it's the ND Yag or Q Switch you will find our lasers an affordable way to remove your tattoos safely.

The amount of treatments required for a total or significant removal of the tattoo will vary depending on factors such as size, colour, age, area, your age, medication and lifestyle.

The treatment of our tattoo removal gives minimal pain and there are very few contraindications or side effects providing the aftercare guidelines and instructions are followed.

CryoPen™

(Skin Tags, Age Spots, Sun Damage, Pigmentation, Milia, Warts, Verrucas, Sebaceous Cysts, Cherry Angiomas, Seborrheic Keratosis, Xanthelasma, Pigmentation)

The Cryotherapy technology used with CryoPen is not to be confused with traditional Cryotherapy. CryoPen treatments are quick, painless, highly effective and safe, using liquified nitrous oxide.

It freezes and destroys benign skin lesions and tissue whilst the inter-cellular fluid (which forms ice shards and crystals) rupture the cell membrane and destroy the cell.

The removal of these conditions shown, are not now treatable on the NHS and so you can now have these issues resolved quickly, safely and affordably at the clinic.

We will happily advise and do a likely diagnosis on any other similar concern you may have.

We do not treat moles.

Treatment cost will be determined with photo or at the appointment.

Size and amount are factors from £60

ThermaVein®

Facial Thread Veins, Cherry Angiomas, Blood Spots, Skin Tags and Milia removal.

A very high frequency current passed through a fine needle heats and destroys the facial thread veins without affecting the outer layers of skin. Minimal discomfort with no pigmentation or scarring. The body re-absorbs and over a short time the veins disappear.

Initial consultation and treatment - Facial Thread Veins from £95

Skin Tags, Cherry Angiomas, Blood Spots, Milia removal..... from £55

Price for multiple tags etc will vary and an indication will be given on your enquiry.

Vitamin injections

Vitamin B12 Injectable booster £40

Course of 4 (includes one free) £120 Course of 8 (includes two free) £240

Vitamin C Injectable booster £45

Vitamin B12 and Vitamin C (same appointment) £65

Injectables Treatments by our Doctor.

Anti-Wrinkle injections

"Botox" Botulinum toxin type A (Azzalure / Bocouture / Botox)

Our doctor will use prescription medicines such as Botox and inject into a muscle causing it to temporarily relax. Can improve severe frown lines, e.g. between the eyebrows or fine lines around the eyes.

Consultation..... £50
(refundable on treatment)

One area (eg Crow's feet)..... £195

Two areas £240

Three areas £270

Becoming more and more popular as the necessary alternative to wearing make-up each and every day. Lasting up to 5 years the SPMU is virtually painless that will be beautifully define your facial features allowing them to stand out and become the focal points of "attraction".

An initial consultation is necessary to discuss the options available and to take patch tests if needed.

Prices on all aspects of SPMU..... from £250

Deposit £50 (refundable)

*initial booked treatment would need 2-3 sessions, 4-6 weeks apart

**annual booster "top up" recommended.

Get Rewarded!

Like us on social media and ask us after your treatment for details of our latest rewards!

Microblading

Microblading is the manual process of introducing semi-permanent makeup in the form of coloured pigments just down to the dermis. It is done using a very fine blade to mimic crisp and fine hair on the brow area. The results are a natural, flawless, fuller brow and they can last anywhere from 1-3 years. It is a two step process consisting of the initial procedure and complimentary touch-up performed 4-6 weeks later.

Two treatments needed initially along with annual recommended booster.

Two treatments needed£330 total

Colour Boost Prices

• 6-12 months: £125 • 12-18 months: £175 • 18-24 months: £275 • 24 months + : £330
NB – A £50 deposit payment is required to secure any booking

General Beauty

Laser Hair Removal

The Elyson laser hair removal diode technology allows the skin to be continually cooled whilst heating the melanin in the hair and destroying the hair follicles.

A rapid treatment with minimal discomfort, the results are truly superior to any other similar technology in the market place. All areas of the face and body treated.

Treatment prices See website and flyer for full details.
*brief consultation and patch test mandatory

Testimonials

Just a few of our happy and satisfied clients ...

- “ Everyone I have met at BeauSynergy is polite, kind, knowledgeable and so accommodating.” **LY** ”
- “ Thank you to all the team. You have transformed my life, seriously. **AD** ”
- “ My scar is improving as each day passes by. Especially since my last visit. I'm never left disappointed. **MD** ”
- “ I'm getting married this August and I have been on Danne Skin Revision for nearly a year and I couldn't be prouder to see everyone on my wedding day with my stunning lovely smooth skin” **DS** ”
- “ I was really happy with my results after my Glow Skin Peel! The home care products that Marina had advised definitely seem to be making a difference to my skin. Slowly but surely I'm starting to get my spot free face back! I'm looking forward to my next Glow Peel and will be picking up another product for my home care kit too! **DS** ”
- “ First time visiting the clinic. They were very friendly & made me feel very comfortable. Would definitely recommend. **TH** ”
- “ Wonderful experience greeted pleasantly by the staff. Would recommend. First class. I was looking for a salon that was not to lady like and geared up for beauty. BeauSynergy was excellent for me as a man and competitively priced. **SB** ”
- “ The CryoLift has calmed, brightened and hydrated my skin. Jacqui wants the best for clients with problematic skin. **BS** ”
- “ I found the staff at BeauSynergy very friendly, knowledgeable, helpful and efficient. I initially had Thermavein treatment for Facial Thread Veins and was very impressed with the results and my treatment was explained to me in detail which made me feel comfortable and reassured. I have since had Cryolift and am very pleased with the results as my skin looks and feels the best it has in years. **MC** ”
- “ Skin looks clearer, my pores are less noticeable and the overall appearance is a lot brighter, tighter and enriched. **ET** ”
- “ I was referred to the clinic by a friend of mine when we spoke about the acne scarring my son has. He had a consultation and was advised on a particular treatment called PRX and then had something called Plasma Pen. My son is so happy that after just a few treatments the scarring has just about vanished completely. He is so thankful for the service and treatment given. **TG** ”
- “ As a man I was not sure what to expect but they were very friendly team from the moment I walked in, Claire was very friendly and thorough, explaining everything to me whilst giving treatment, looking forward to my next treatment in a week's time. **SM** ”
- “ I've suffered from really bad skin for a couple of years now and it was affecting my confidence to the point I no longer wanted to make eye contact with people and was resigned to the fact my skin wouldn't improve. I finally heard about skin treatments I could have and Jacqui has been really lovely and the products recommended have been really good. After only a few months my skin is far better and I have much more confidence! **HB** ”

Opening Hours

Monday	10.00 to 5.30
Tuesday	9.30 to 9.00
Wednesday	9.30 to 7.00
Thursday	9.30 to 9.00
Friday	9.30 to 6.00
Saturday	9.30 to 5.30
Sunday	10.00 to 6.00

Booking and Deposits

Appointments for treatments require a fee of up to £100 (depending on time allocated for appt) to secure your booking. This is refundable against your treatment.

Appointments for full skin consultations require a fee of £45 which secures your booking and pays for your appointment in full.

A short initial discussion on your skin requires a refundable fee of £25 to secure your booking.

We appreciate your understanding in our having to take booking deposits as it prevents "no-shows". This allows more clients to get the appointment times they had wished for.

Cancellation Policy

48 hours notice should be given if there is a need for you to cancel the time of your appointment.

A fee of £25 will therefore be payable should a cancellation occur or if the appointment is not met. We do feel it is a fair fee for both you and us. If you are on a booked course and miss one of your treatments, you will forfeit that treatment
